Cao Thi Hong Nga

**Scholarship for the Phd-Program in Resource Management at the
Norwegian College of Fishery Science, Faculty of Biosciences
Fisheries and Economics, UiT The Arctic University of Norway**

We are pleased to inform you that the Norwegian College of Fishery Science has decided to offer you a sandwich scholarship as a PhD student at UiT The Arctic University of Norway, starting from August 2015, and part of the Norwegian Programme for Capacity Development in Higher Education and Research for Development (NORHED), funded by the Norwegian Agency for Development Cooperation (Norad).

The scholarship period is equally divided between UiT and Nha Trang University (NTU), with a total of three years. The scholarship is financed by Norad through the NORHED- program within the regulations and rates for the State Educational Loan when in Norway, and agreed Vietnamese rates when at NTU.

A contract of admission to regular PhD studies should be obtained no later than six weeks after commencement. Admission to the PhD program is a prerequisite for receiving the scholarship. The study period runs from your date of commencement.

We kindly ask you to reply as soon as possible and before 24 April 2015 to kristoffer.kokvold@uit.no, with a copy to Luong Dinh Duy duyqhqt@yahoo.com, whether you accept our offer. Should you decide not to accept the scholarship, please let us know in writing within the same date.

We would like to wish you welcome to UiT The Arctic University of Norway.

Sincerely,

Terje Aspen

Letter of acceptance to the PhD programme

The PhD committee at the Faculty of Mathematics and Natural Sciences has dealt with your application. You are accepted as a PhD student at the Faculty of Mathematics and Natural Sciences, University of Bergen for **3 years** from August 1 2015.

Working title: «Effects of the elevated temperature on anemone fish».

Supervisory committee: Professor Ivar Rønnestad, BIO/UiB (supervisor), Dr. Minh Van Nguyen, Nha Trang University, Vietnam (co-supervisor).

Your plan for the individual study consists of:

Part 1:

		Credits	Year
MNF 490	Theory of Science and Ethics	5 ECTS	2015/Autumn
BIO 905	Biological Data Analysis	5 ECTS	2015/Autumn
MOL 221	Experimental Molecular Biology I	10 ECTS	2017/Spring
PhD Course/Special Reading	Must be specified*	7 ECTS	2015/17

Part 2:

Presentation, International Conference*	2 ECTS	2017/18
Popular science activity/Lecture over self-chosen topic*	1 ECTS	2017/18

In addition you must give a trial lecture over a given topic after your thesis is handed in.

Funding

Your doctoral education is funded by the NORHED project NORAD- QZA-0485 SRV-13/0010: "Incorporating Climate Change into Ecosystem Approaches to Fisheries & Aquaculture Management in Sri Lanka and Vietnam".

You will receive a scholarship of app. 9500NOK per month during the three semesters Norway. The rate in Vietnam will be set by Nha Trang University.

Accommodation

University of Bergen is guaranteeing for housing. You are guaranteed a single room at Fantoft Student Hostel from **1 August 2015** provided that you apply for housing at SIB-Housing Division by using the reservation code **08152**.

More information is available at <http://www.sib.no/en/housing/international-students>

The deposit as well as the first month's rent must be paid immediately upon receipt of the start-up grant from the project.

Visa and permit to stay

As soon as you have received this acceptance letter you must apply to the Norwegian Embassy in order to get a VISA to Norway.

You will spend the first term, Autumn term 2015, in Norway. It is planned that you return to Norway Spring term 2017 and the Spring term 2018.

After arrival in Norway

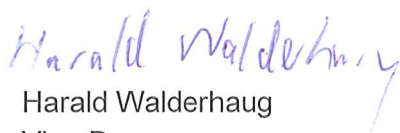

You also need to fill in the form "*Agreement relating to inclusion in the organised training of researchers*" and return it to the institute within **September 1st 2015**. You can find the agreement on <http://www.uib.no/forskningsutvalget/skjema/PhD-agreement.doc>

As a PhD candidate at UiB you are expected to:

- Open an account at UiB, which will give you access to UIB's computer systems
- Register each semester (by February 1 and September 1)
- Deliver the annual progress report
- Inform your department about leave or interruption of study

p.p.

Yours sincerely,

Harald Walderhaug

Dear Nguyen Thi Hai Thanh

Letter of acceptance to the PhD programme

The PhD committee at the Faculty of Mathematics and Natural Sciences has dealt with your application. You are accepted as a PhD student at the Faculty of Mathematics and Natural Sciences, University of Bergen for **3 years** from August 1 2015.

Working title: «Effect of ocean acidification caused by climate change processes on the host/symbiotic system of clown fish and their anemone».

Supervisory committee: Professor Audrey Geffen, BIO/UiB (supervisor), Thuy Binh Dang, Ha Le Thi Loc and Ngo Dang Nghiha, Nha Trang University, Vietnam (co-supervisors).

Your plan for the individual study consists of:

Part 1:	Credits	Year
MNF 490	Theory of Science and Ethics	5 ECTS 2015/Autumn
BIO 905	Biological Datanalyses	5 ECTS 2015/Autumn
BIO 337	Fish Behaviour	10 ECTS 2017/Spring
BIO 308	Early Life History of Fish	10 ECTS 2015/17
Part 2:		
Presentation at International Conference*		2 ECTS 2017/18
Popular science activity/Lecture over self-chosen topic*		1 ECTS 2017/18

In addition you must give a trial lecture over a given topic after your thesis is handed in.

Funding

Your doctoral education is funded by the NORHED project NORAD- QZA-0485 SRV-13/0010: "Incorporating Climate Change into Ecosystem Approaches to Fisheries & Aquaculture Management in Sri Lanka and Vietnam".

You will receive a scholarship of app. 9500NOK per month during the two periods in Norway. The rate in Vietnam will be set by Nha Trang University.

Accommodation

University of Bergen is guaranteeing for housing. You are guaranteed a single room at Fantoft Student Hostel from **1 August 2015** provided that you apply for housing at SIB-Housing Division by using the reservation code **08152**.
